

ANNEXURE A

A CALL TO REGISTER ON A PANEL OF CETA SUBJECT MATTER EXPERTS

Implementation of occupational qualifications is supported by Subject Matter Experts (Facilitators, Assessors, Moderators, and workplace Mentors) in respect of Skills Development Providers. Subject Matter Experts must ensure that they meet the requirements of each occupational qualification they are involved with.

It is against this background that the Construction SETA is compiling a database of Subject Matter Experts for each of the sector's registered occupational qualifications.

This is due to Assessment Centers requiring the support of Assessors and Invigilators. These must also meet the requirements for registration on the database of Subject Matter Experts.

Prospective SMEs must consult the curriculum document of each occupational qualification they wish to be involved with before applying for the registration on the database. Subject Matter Experts are encouraged to apply for registration by sending an e-mail

to: SMEregistrations@ceta.co.za

Below is a list of construction occupational qualifications registered by SAQA:

No.	Q/ID	Qualification Title	NQF Level	Credits	Full / Part Qual
1	99575	Occupational Certificate: Draughtsperson (Piping Draught Person)	LEVEL 5	234	Full Qual
